

## SCHEDULE #2--ACCOUNTING FALL 2006 WORKSHOPS

The following is the tentative accounting department workshop schedule for FALL 2006. I want to thank everyone who suggested presenters, it was a big help. I will list external presenters in Bold. The external presenters may have a morning session with the Ph.D. students and the normal workshop will be in the afternoon. **Workshops will normally be scheduled for 2:00 to 4:00, on Fridays, BUSINESS 166** (normally the workshop will be 1 ½ hours and not two, but this gives us some slack). I hope that on the open dates we will schedule any internal workshops and proposal defenses desired by faculty and students. Thank you for your help.

***NOTE: I hope we will use the workshop time in our recruiting process for new faculty. That is why I have only scheduled two external workshops.***
